Marilyn and Tohmas Twintrees

Listening to the New Stonebeing Guides for the New Millennium
Room 205 • Friday, 1:00 p.m.

During each Earth Age, humans have learned new and different lessons with the Earth Mother and all her beings. In this millennium, we are being invited to evolve as never before. We will listen to Stonebeings who can

beautifully guide us through this evolution. We will bring some of the exact Stonebeing Guides, so that you can experience their ongoing love and support. All levels.

Surrounding Yourself with the Gifts of the Stonebeings

Room 205 • Sunday, 10 a.m.

In our listening with the Stonebeings, they have shown us how to place them in new, specific formations in our spaces that attract what we most need and desire. They have shown us how to put them on, or near, our bodies to encourage deep regeneration and profound integration. They have shown us how to travel to different parts of the Earth Mother to find the exact Stonebeings that support our quantum-leap evolution. It is our honor to share this wisdom with you. Learn how to help balance global weather, global warming and bring about peace and harmony on the planet. Crystal healing is rooted deeply in the ancient sciences of Ayurveda, Tibetan and Anthroposophic healing. We will intimately explore the relationship between science, spiritual science and the cosmic mission exhibited by different crystals and determined by the minerals and metals that create their form. What are the healing forces actually exhibited by crystals and how are these forces measured? How can you harness these energies? This class will have you believing in yourself as a prismatic crystalline being. All levels. www.dawnsilver.com.
